

Life Builders Membership

Life Builders is an unsupervised, members-only gym. Membership is open to anyone aged 16 and above.

A parental consent form is required for all prospective members aged 16-17.

All applicants must attend an induction session, which involves guidance on how to use all the gym equipment and advice on health & safety.

Induction sessions take around an hour to complete. However, due to our membership being full there will be no more until further notice.

If you're interested in joining Life Builders please print out and complete the Membership Application Pack and the parental consent form (if under 18) and bring along to the next induction meeting.

Also, it helps to know how many will be attending, so please contact us at kpclifebuilders@gmail.com if you intend to come along to the next induction session.
